

## TEACHERS DAY

### MESSAGE BY THE CHAIRMAN

*On the occasion of the Teacher's Day, I on behalf of the entire School Management convey our humble greetings and best wishes to all our Teachers, who have consistently given their very best in imparting education to our students. We express our gratitude towards all our Teachers for their continued, selfless and precious efforts in enriching the quality of education and enhancing the image of our great institution, the Army Public School Jodhpur.*

*Dr APJ Abdul Kalam had rightfully said, **'Teachers are the backbone of any country, the pillars upon whom all aspirations are converted into reality'**. Education and Wisdom form the basis of all accomplishments in life. Teachers help our children to envision their future goals and guide them towards the right direction, always helping them with utmost care and affection to prepare them for playing their life's chosen roles. A good Teacher can raise an expectation, ignite imagination and inculcate a thirst for knowledge in the pure minds of our students. With the right guidance, influence and support, our Teachers can surely make their students responsible and respectful citizens of our great Nation. We will always remain indebted to such great contributors who touch us in our hearts. They are truly the 'Captain of the Ship' who, with their ceaseless and untiring efforts are constantly helping our students to fulfil their dreams and achieve their life goals.*

***'Teachers are expected to reach unattainable goals with inadequate tools. The miracle is that at times they accomplish this impossible task'**. This is very apt in the present challenging scenario, when there is chaos and panic everywhere our Teachers have handled the situation with great innovation without much resources. They have provided great inspiration and encouragement to our students in these tough times. Kudos to all our Teachers who have selflessly put their professional lives before their personal lives in this pandemic. We greatly applaud your efforts.*

*We are gratified by your idealism and the passion for teaching. We are indeed blessed to have such unique and wonderful Teachers in our School who are truly committed to the noble profession. We sincerely acknowledge and truly appreciate your wholehearted contributions that you continue to render individually to our students, directly to our School and collectively to our Society.*

*Let us walk together, walk ahead and achieve all that we have envisioned to take our School to greater heights contributing to the betterment of our society and the Nation. I take this privilege in once again wishing you a Very Happy Teachers Day. We pray for your good health, success and prosperity in life always.*
